Public ICAM courses

While everyone works their hardest to avoid workplace injuries, accidents do still happen. In order to learn from accidents in a workplace, Australian Risk Services Australasia Pty Ltd provides courses for those people who will have the responsibility for investigating accidents and incidents in the workplace. **All employees who are going to be part of the investigation team, as well as supervisors who will be part of any inquiry of an incident should undergo incident investigation training.** Training is recommended for all employees, so they know what to expect if they are injured or witness an incident. They will know that the purpose of the inquiry is purely to prevent another incident from occurring and not to blame someone.

The course also covers how to reduce the risk of expensive litigation and criminal proceedings and establish the importance of correct methods of conducting an inquiry. At the conclusion of the training course delegates will have a good understanding of the basic process and will be able to take the initiative in finding out what went wrong, why, and how to make sure it does not happen again.

Australian Risk Services Australasia Pty Ltd ICAM training courses will help you:

- Ensure initial responses to the incident are carried out according to requirements
- Develop an investigation plan
- Collect information and data
- Analyse information and data gathered to identify immediate and underlying causes and practical prevention measures
- Compile and communicate investigation report

Staff will be trained in **BSBWHS515 – Lead Initial response to and investigate WHS Incidents** and **RIIWH5301E Conduct safety and health investigation**. These units describe the performance outcomes, skills and knowledge required to plan, conduct and report on investigations of incidents that have resulted in, or have the potential to result in, injury, damage or commercial losses of any kind.

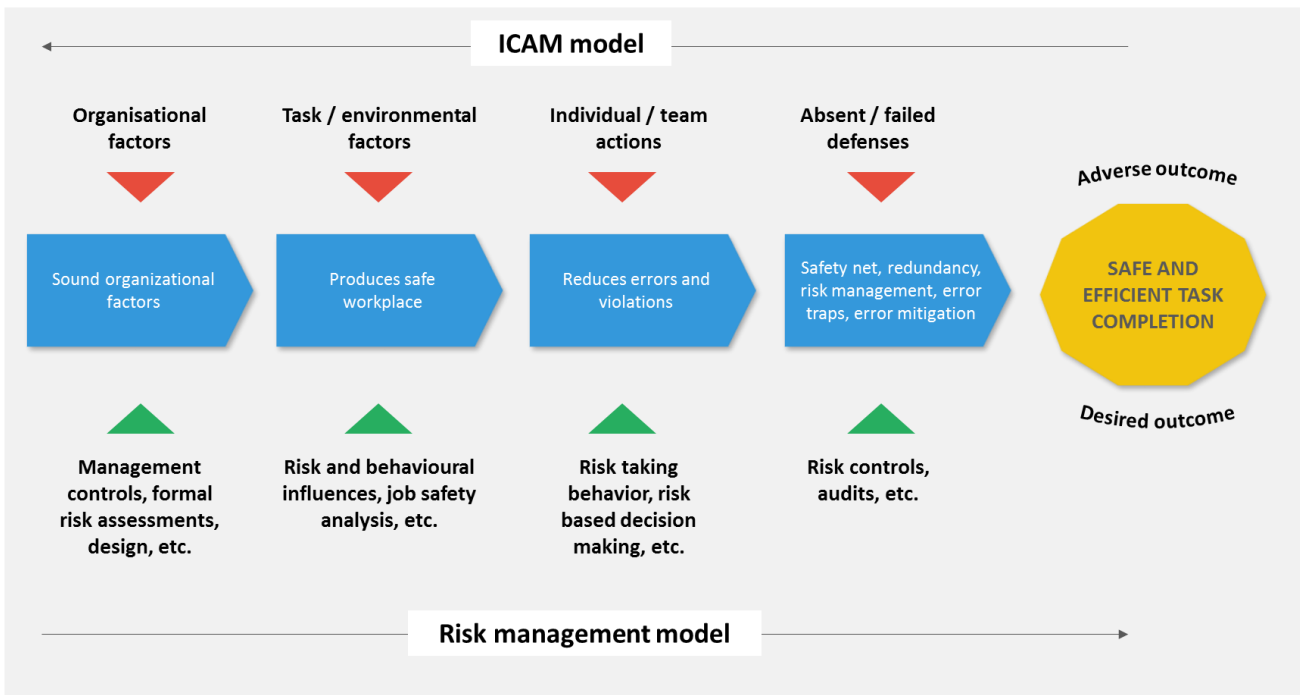

Course outcomes

By the end of the course participants will be able to:

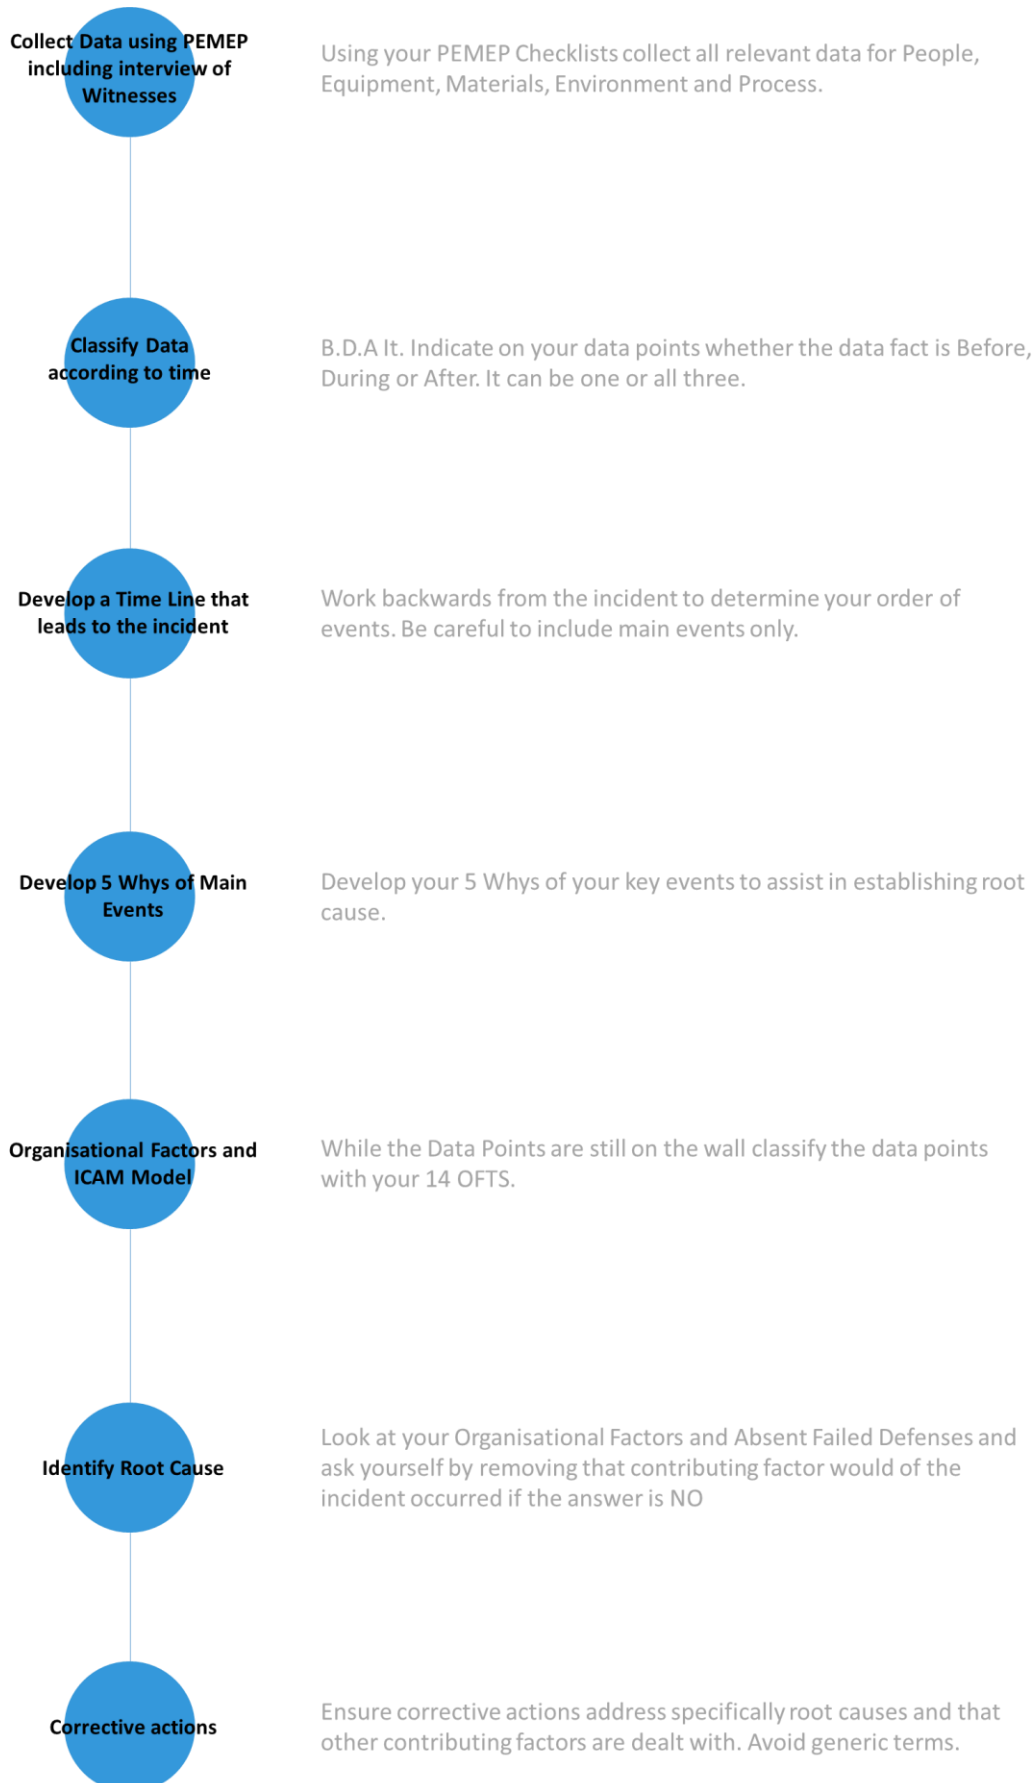

- Describe the legal requirements applicable to accident and incident investigation
- Use suitable reporting and investigation forms
- Identify causative factors for accidents and incidents using accident causation models
- Investigate accidents and incidents
- Interview witnesses and take statements
- Prepare a report on an accident or incident
- Describe the requirements for accident and incident reporting

ICAM OVERVIEW

ICAM methodology can provide a holistic view of the incident, and aim to pinpoint all the potential factors causing the incidents. ICAM has extensively replaced the traditional investigation method and being utilised in a broad range of industries for all incidents involving with significant consequence or with substantial risk potential.

Example of ICAM process flow

High level course structure

PREPARATION

It's not enough just to plan for incident investigation. Investigators must be prepared with the tools to carry out the investigation.

EMERGENCY RESPONSE

When an incident occurs, potential danger is not limited to those directly involved. When there is a gas leak or a fire, for instance, other workers on site and the general public may also be threatened.

SECURE THE SCENE

Gathering facts will be easier if the incident scene is not altered. When physical evidence is left undisturbed, investigators can relate the material, equipment, and environment to the injury with minimal speculation.

IDENTIFY WITNESSES

A good witness can provide an accurate description of the incident. This helps investigators put the pieces of the puzzle together.

SURVEY SCENE

Surveying the incident scene as soon as possible also gives the investigator a feel for the environment at the time of the incident.

GATHER EVIDENCE

- PEMEP Matrix
- Re-enacting

Evidence can be of two kinds—physical objects and verbal testimony. The key to collecting evidence is to be thorough and inquisitive. A PEMEP matrix is a valuable tool in this process. Another way of gathering information is to re-enact the incident.

INTERVIEW WITNESSES

Interviews are best done when memories are fresh. This can be achieved by conducting interviews as soon as possible after the incident.

ANALYSE FACTS

- Timeline
- 5 Whys
- ICAM
- Recommendations

Once the scene survey and interviews are completed, the information should be sorted and analysed to:

- identify what has been found
- identify what may be missing
- determine next course of action
- eliminate unnecessary duplication.

Recommendations should be based upon the hierarchy of controls which acts as a guide on determining the best type of control in terms of effectiveness.

PREPARE REPORT

The final report is designed to help people learn from the incident. Recommendations must also be included so that the injury will not be repeated.

FOLLOW UP

Circulate results of the investigation to all company sites so others can learn. Make changes in company operations and raise key issues with trade associations, other contractors, unions, and other groups as necessary.

Recommendations

Our training program is designed specifically for adult learners

Much of our traditional learning experience leads us to believe that we learn best by listening to experts. Fortunately, there has been considerable research into adult learning and this provides much better understandings of the factors influencing adult learning. At Australian Risk Services Australasia Pty Ltd, we recognize that another intellectual trait of adults that impacts learning is their need to participate actively in the instructional process. Adults learn by reading, listening, and watching, but they learn better when they are active participants in the learning process.

Our training program actively engages an adult in the learning process to help achieve significantly greater results in learner self-awareness, changed behaviour, and the acquisition of new skills.

Entry requirements

- Be 21 years old or over
- Possess ability to work individually and as part of team
- Be formally Qualified as a WHS&E or Risk based Qualification or Tertiary Qualification with 2 years current work experience working in or around WHS&E/Risk Management Systems either directly or indirectly in your employment, or
- 3 -5 Years current Work Experience in working in or around WHS&E/Risk Management Systems either directly or indirectly in your role. Please note experience within this area does not have to be over a continuous period time.
- In your work experience the following typical activities should have been experienced;
 - Being involved in Risk Assessments
 - Being involved in writing safety procedures
 - Communicating safety requirements
 - Understand how WHSE Regulations are used in the workplace
 - Being involved or reviewing Incident Investigation Reports
 - Systems Audits
- Interest in investigations

Course duration

Duration of course is 64.5 hours,
including Pre-course reading (16 hours)

3 days on site face to face training Or 3 days Online via Live Zoom Meeting all training is delivered live and directed by our trainer.

Face to Face Courses run from 8.30am – 4.30pm each day (22.5 hours).

Online Live Trainer directed Learning courses run from 8.30am – 4.30pm.

2-Post Course Reading (16 hours); and

Online Multiple-Choice Questions assessment task (10 hours).

Learning Method and Assessment

Students are involved in interactive data collection and analysis of the data using two real case studies. Students are also required to complete live interviewing during the course. Students will be required to undertake Post course on-line assessment within 2 weeks after completing the Training.

Learning Modes

- Pre-Course Reading and completion of questionnaire.
- Students are required as part of their pre-course reading to read the following:
 - National Regulations relating to Plant and Equipment – Trenching Regulations
 - Employer General Obligations for the Management of Health and Safety in the workplace.
- 3 days of Face to Face Training or Online Live Trainer directed learning.
- 2 Case Studies
- Scenarios
- Practise Interviews
- Data Collection
- Timelines
- 5 Whys
- Interpreting and Explaining the How and Why Contributing Factors have contributed to an incident

Student Support Services

Staff at Australian Risk Services Australasia Pty Ltd will offer professional and confidential advice in areas where they can help and will ensure that all efforts are taken to ensure a positive learning experience is achieved.

In the case of an emergency the student must contact '000' via telephone to report the emergency to appropriate authorities.

Students can contact the Australian Risk Services Australasia Pty Ltd support officer on 1300 266 172 if they require assistance with their assessments.

Prior to the course students are required to complete the Entry Requirements Questionnaire and the Pre-Course Reading Questionnaire. These questionnaires enable the trainer to gain an understanding of a student's ability, experience and written English Language skills.

The trainer and assessor will be providing feedback continuously throughout the duration of the course. Students are encouraged to ask questions and seek clarification.

During the course students will be given an opportunity to peer review reports and provide feedback.

Post course students will be emailed an ICAM Incident Investigation Template to assist them in completing Investigations.

Students are encouraged to seek advice and assistance in completing Incident Investigations for 12 months post course. Students can obtain feedback on their Incident Investigation Reports by contacting the Trainer by email paul.camilleri@ausriskservices.com.au or by phone on 1300 018 306

Students can also access the ICAM Investigation App. To access the Australian Risk Services Australasia Pty Ltd ICAM Investigation App students can visit <http://www.icamtraining.com.au/icam-app/>

Cancellation and Refund policy

Refunds due to non-delivery of course

All tuition fees are to be refunded in full if Australian Risk Services Australasia Pty Ltd is unable to commence the course as agreed or is unable to deliver the full course.

Refunds due to Student Withdrawal

Outline of Refund Arrangements	
Withdrawal more than 14 business days prior to course commencement	Full refund
Withdrawal less than 14 business days prior to course commencement	No Refund
Withdrawal after course commencement	No refund

Refund applications

- Any student wishing to apply for a refund must complete a 'Refund Application Form' at the end of this document and submit this form to the Training Manager. The application form can be accessed by contacting the Training Manager
- All refund applications are to be assessed by the Training Manager and applications processed within thirty days (30) days of the application being placed. Where a student is entitled to a refund the Training Manager is required to process the refund payment as required.
- Students who have paid for the course and withdraw less than 14 business days prior to the commencement of the course may apply for a transfer to a later course. Students transferring to a later course date will incur a \$100.00 course fee surcharge associated with administration costs and venue booking related fixed costs. The Booking Fee Surcharge is payable at the time of transfer.

Delivery of services

In the event that Australian Risk Services Australasia Pty Ltd is unable to deliver the agreed services, students will be entitled to a full refund of all fees paid. This course can also be delivered to private enterprises and will be customized to meet your Organization's operational requirements. Price available upon request.

We also offer a non-accredited One-day course for ICAM Incident Investigation Awareness Training as a Private Course to Organizations. Price available upon request.

ICAM Training Pty Ltd has developed and launched a sophisticated ICAM Investigation APP after years of perfecting the ICAM Investigation Process. The ICAM APP allows companies to maintain a standardized investigation approach across their organisation and reduce the need for ongoing training of staff, the APP trains staff to follow the correct processes when investigating.

Upon completion of the course, all students will receive the APP free of charge in Apple or Android based technology.

The minor Investigation APP will be available via Zoho (can be used in Apple or Android based technology). Investigation reports in the Minor APP output data in PDF format. Reports can be edited online at any stage and regenerated. The minor APP will store up to 1000 incident reports in a 12 month period, with output data transferrable to Excel for analysis.

The major APP (for Lead Investigation reporting) outputs reports in Word and PDF but will not store data or reports. The major APP is far more sophisticated in its analytical ability, designed for serious investigations. All APPs allow users to download reports in Word or PDF format.

About the trainer

Paul Camilleri

Company Director

Bachelor Business Finance (Monash)

Postgraduate Risk Management (Swinburne Faculty of Engineering)

Registered Lead Auditor (Exemplar Global)

Diploma of Work Health and Safety BSB51307 (Swinburne University of Technology)

Certificate 4 in Work Place Assessment and Training

Paul has a Certificate 4 in Work Place Assessment and Training, Bachelor in Business Finance (Monash University), Post Graduate Risk Management (Swinburne University Faculty of Engineering) and is a Registered Lead Risk Auditor with Exemplar Global.

Paul has worked in risk management for 20 years and tackled numerous projects here in Australia and overseas.

Paul's experience includes design and delivery of over 28 safety courses, including courses designed to train the trainers. All of Australian Risk Services Australasia Pty Ltd training packages use an "active participation" method of training. Under the trainer's guidance, small groups of trainees discuss real client case histories and important points, so that you can be sure everyone understands the training. Any lack of understanding quickly becomes apparent in the discussion sessions, so it is possible to identify this and remedy it. All our training is competency based.

Paul has conducted over 300 Safety audits for major multinational companies and has headed up as Group Risk Manager for three years Brambles Australia.

Paul is a multi-disciplinary risk consultant and the Principle Auditor of Australian Risk Services Australasia Pty Ltd.

Complaints and Appeals

Students have access to Australian Risk Services Australasia Pty Ltd complaints and appeals process. The complaints and appeals policy and procedure ensures that fair and equitable processes are implemented for any complaints or appeals against Australian Risk Services Australasia Pty Ltd.

Students are able to submit a formal complaint to Australian Risk Services Australasia Pty Ltd relating to any concern they may have (should they feel a person has acted inappropriately or treated someone unfairly, etc). This can be submitted to Administration or directly to the Training Manager. All complaints are handled with confidence and are reviewed by the Training Manager.

A student may also appeal a decision made by Australian Risk Services Australasia Pty Ltd in regards to an assessment outcome. Where a student feels they have been unfairly judged and assessed on a specified task, project or assessment they may have the assessment reviewed by submitting an appeal form. Students must provide supporting evidence or explanations as to why they feel the assessment is unfair and why they should be given further opportunity to be assessed.

Complainants have the right to access advice and support from independent external agencies / persons at any point of the complaint and appeals process. Use of external services will be at the complainant's costs unless otherwise authorized.

Copies of the Complaints Procedure and the Complaints form can be obtained from the Student Administration Department at any time upon request.

External Appeals and Further Information:

In addition to the above internal processes, if students enrolled with Australian Risk Services Australasia Pty Ltd are still dissatisfied with the decision of the RTO, they may wish to seek legal advice or submit an application in writing with an external dispute resolution process by a relevant body appointed for this purpose (See below for contact details).

Where the RTO is informed that the student has accessed external appeals processes:

- The RTO will maintain a student's enrolment until the external appeal process is finalized.
- The RTO will comply with the findings of the external appeals process.
- Where a decision or outcome is in favor of the complainant Australian Risk Services Australasia Pty Ltd shall follow the required action and recommendation from the relevant external appeals organization to satisfy the student's grievance as soon as practicable.

The decision of the independent mediator is final and any further action the student wishes to take is outside the RTO's policies and procedures. The student shall be referred to the appropriate government agencies and this information can be gained from the CEO.

- All records and correspondence in relation to an external appeal shall be maintained with the initial complaint and internal appeal documentation within the 'complaints and appeals register' and the student file for a minimum of 5 years.

The Dispute Settlement Centre of Victoria (DSCV) is a free dispute resolution and mediation service funded by the Victorian Government and may be able to assist resolve any outstanding complaint or issue with the complaint handling process. Further details and office locations for this service are available from <http://www.disputes.vic.gov.au/>

Organization:	Disputes Settlement Centre of Victoria (http://www.disputes.vic.gov.au/)
Contact Point:	<u>Melbourne Office:</u> Level 4, 456 Lonsdale Street Melbourne VIC 3000 Tel: 1300 372 888 Fax: (03) 8684 1311

Further information

If, after the RTO's internal complaints and appeals processes have been completed, you still believe the RTO is breaching or has breached its legal requirements, you can submit a complaint to ASQA by completing the online complaint form: <https://rms.asqa.gov.au/registration/newcomplaint.aspx> (ASQA website: www.asqa.gov.au)

Except in exceptional circumstances, you must attach evidence to your complaint form showing:

- that you have followed your RTO's formal complaints procedure, and
- the RTO's response.

ASQA's processes require you to identify yourself to ASQA as a complainant, although you may request that your identity is kept confidential throughout any investigation that ASQA.

Privacy Notice

Under the Data Provision Requirements 2012, Australian Risk Services Australasia Pty Ltd is required to collect personal information about you and to disclose that personal information to the National Centre for Vocational Education Research Ltd (NCVER).

Your personal information (including the personal information contained on this enrolment form), may be used or disclosed by Australian Risk Services Australasia Pty Ltd for statistical, administrative, regulatory and research purposes. Australian Risk Services Australasia Pty Ltd may disclose your personal information for these purposes to:

- Commonwealth and State or Territory government departments and authorised agencies; and
- NCVER.
- Personal information that has been disclosed to NCVER may be used or disclosed by NCVER for the following purposes:
 - populating authenticated VET transcripts;
 - facilitating statistics and research relating to education, including surveys and data linkage;
 - pre-populating RTO student enrolment forms;
 - understanding how the VET market operates, for policy, workforce planning and consumer information: and
 - administering VET, including program administration, regulation, monitoring and evaluation.

You may receive a student survey which may be administered by a government department or NCVER employee, agent or third party contractor or other authorised agencies. Please note you may opt out of the survey at the time of being contacted.

NCVER will collect, hold, use and disclose your personal information in accordance with the Privacy Act 1988 (Cth), the National VET Data Policy and all NCVER policies and protocols (including those published on NCVER's website at www.ncver.edu.au).
